03 June 2016

Dear Resident,

IMPROVEMENT WORKS AND RESURFACING – SACHELCOURT AVENUE, BIRCH ROAD, STATION ROAD AND PARK-AND-RIDE, BISHOPTON

Further to my letter dated 22 April 2016, I wanted to provide you with an update on the improvement works being carried out on Sachelcourt Avenue, Birch Road, Station Road and the park-and-ride facilities at Bishopton train station.

Due to a change in the construction schedule, **Birch Road** will now be closed to pedestrians and all traffic, with the exception of construction and emergency vehicles, from **6 June until 1 August** and from **29 August until 17 October**.

I understand that these works may cause some disruption to you over the coming months and I would like to apologise in advance for any inconvenience this closure may cause you.

During this time, our appointed contractor will be carrying out essential drainage, resurfacing and landscaping works, and installing lighting to make Birch Road more accessible for pedestrians and cyclists. A temporary carpark facility providing an additional 30 spaces will be available whilst works to the park-and-ride are being undertaken.

Construction traffic will continue to access Birch Road via Rossland Crescent and I would be grateful if you could make all members of your household, particularly young children, aware of the ongoing use of Rossland Crescent by the large, construction vehicles over the next few months.

We will continue to provide updates via the Post Office village noticeboard and our website www.baesystems.com/bishopton.

If you have any concerns or would like to speak to a member of the Programme Team, please call our Freephone hotline on 0800 130 3302.

Yours faithfully,

Jon Gettinby
Bishopton Programme Manager
