Update from BAE Systems - Dargavel Village October 2016

BAE SYSTEMS
INSPIRED WORK

Welcome to our October update. At the end of August, we officially opened the new link road marking a major milestone in the development's programme. We are now well underway with the improvement works to Station Road and Birch Road and these are due to be completed before the end of October. The landscaping works are nearing completion and residents will soon receive the latest edition of our quarterly newsletter.

<u>October updates:</u>

- Works on Station Road, Birch Road, Sachelcourt Avenue and the park-and-ride area are ongoing
    - **Birch Road** reopened to pedestrians and all traffic on 16 August. However, it will be necessary to close the road for final resurfacing works. This is expected to take place from **7 October until 26 October**
    - **Station Road** will reopen on **7 October** and access to the temporary park-and-ride car park will be via Station Road due to the closure of Birch Road
    - The improvement works are on the main park-and-ride car park are due to be completed by end of October

- On 25 August, we officially opened, Craigton Drive, the new link road through the development connecting the north and south of Dargavel Village. There is also pedestrian access from Craigton Drive to Birch Road and we would like to remind drivers that the speed limit on Craigton Drive is 20mph

- The landscaping of the first section of the Village Square at Station Road is now complete and the other landscaping works are progressing well. This includes the play areas at Newton Road and Birch Road, which are due to open in November

- In November we will also be installing lights on the link path between the park-and-ride and Taylor Wimpey's development at the southern end of Dargavel Village

- Our latest quarterly newsletter has been printed and residents should receive a copy in the coming weeks

If you have any concerns or would like to speak to a member of the Programme Team, please call our freephone hotline on 0800 130 3302.
